## Types of Data Collected

Among the Personal Data collected by OASI, either independently or through third parties, are: Usage Data; Tracking Tool; device information; purchase history; unique device identifiers for advertising (Google Advertiser ID or IDFA identifier, for example); email; first name; last name; phone number; various types of Data; password; image; payment information; billing address.

Full details on each type of Data collected are provided in the relevant sections of this privacy policy or by means of specific information texts displayed prior to the collection of such Data.

Personal Data may be freely provided by the User or, in case of Usage Data, automatically collected during the use of OASI.

Unless otherwise specified, all Data requested by OASI is mandatory. If You refuse to provide it, it may be impossible for OASI to provide the Service. Where OASI indicates certain Data as optional, Users are free to refrain from communicating such Data, without any consequences on the availability of the Service or its operation.

Should Users have doubts as to which Data are mandatory, they are encouraged to contact the Data Controller. The possible use of Cookies - or of other tracking tools - by OASI or by the owners of third party services used by OASI, unless otherwise specified, has the purpose of providing the Service requested by the User, in addition to the further purposes described in this document and in the Cookie Policy, if available.

You accept responsibility for the Personal Data of third parties obtained, published or shared through OASI and you warrant that you have the right to communicate or disseminate such Personal Data, releasing the Controller from any liability to third parties.

## Method and place of processing of collected Data

### Method of processing

The Data Controller takes appropriate security measures to prevent unauthorized access, disclosure, modification or destruction of Personal Data.

The processing is carried out by means of computer and/or telematic instruments, with organizational methods and logics strictly related to the purposes indicated. In addition to the Data Controller, in some cases, other subjects involved in the OASI organization (administrative, commercial, marketing, legal, system administrators staff) or external subjects (such as third party technical service providers, postal couriers, hosting providers, IT companies, communication agencies) also appointed, if necessary, Data Processors by the Data Controller, may have access to the Data. The updated list of Data Processors can always be requested from the Data Controller.

### Legal basis for processing

The Controller processes Personal Data relating to the User if one of the following conditions is met:

- the User has given consent for one or more specific purposes; Note: in some jurisdictions, the Controller may be allowed to process Personal Data without the User's consent or any of the other legal bases specified below, until the User objects ("opts-out") to such processing. However, this does not apply where the processing of Personal Data is governed by European legislation on the protection of Personal Data;
- the processing is necessary for the performance of a contract with the User and/or the execution of pre-contractual measures;
- processing is necessary to comply with a legal obligation to which the Controller is subject;

- the processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Controller;
- processing is necessary for the pursuit of the legitimate interest of the Controller or of third parties.

However, it is always possible to ask the Controller to clarify the concrete legal basis of each processing operation and in particular to specify whether the processing is based on law, required by a contract or necessary to conclude a contract.

### **Location**

The Data are processed at the Controller's premises and at any other place where the parties involved in the processing are located. For further information, please contact the Data Controller.

The User's Personal Data may be transferred to a country other than the one where the User is located. To obtain further information on the location of the processing, the User may refer to the section on Personal Data processing details.

The User has the right to obtain information about the legal basis for the transfer of Data outside the European Union or to an international organization under public international law or consisting of two or more countries, such as the UN, as well as about the security measures taken by the Controller to protect the Data.

The User can check whether one of the transfers just described has taken place by examining the section of this document relating to details on the processing of Personal Data or request information from the Controller by contacting him at the contact details given at the beginning.

### **Retention period**

Data are processed and kept for the time required by the purposes for which they were collected.

Therefore:

- Personal Data collected for purposes related to the performance of a contract between the Controller and the User will be retained until the performance of that contract is completed.
- Personal Data collected for purposes related to the legitimate interest of the Controller will be retained until such interest is satisfied. The User may obtain further information regarding the legitimate interest pursued by the Controller in the relevant sections of this document or by contacting the Controller.

When processing is based on the User's consent, the Controller may keep the Personal Data for a longer period until such consent is revoked. In addition, the Controller may be obliged to retain Personal Data for a longer period in compliance with a legal obligation or by order of an authority.

At the end of the retention period the Personal Data will be deleted. Therefore, at the end of this period, the right of access, deletion, rectification and the right to Data portability can no longer be exercised.

## **Purposes of Data Processing**

User Data are collected to enable the Data Controller to provide the Service, comply with legal obligations, respond to requests or enforcement actions, protect its rights and interests (or those of Users or third parties), detect any malicious or fraudulent activities, as well as for the following purposes: Displaying content from external platforms, Tag management, Advertising, Interaction with data collection platforms and other third parties, Statistics, Contacting the User, Contact management and sending messages, Payment management, Registration and authentication, Remarketing and behavioral targeting, Hosting and backend infrastructure and Operations.

The Payment Data collected by OASI depends on the payment system used.

## User Rights

Users may exercise certain rights in relation to the Data processed by the Data Controller.

In particular, the User has the right to:

- **withdraw consent at any time.** The User may revoke his or her previously expressed consent to the processing of his or her Personal Data.
- **oppose the processing of their Data.** You may object to the processing of your Data when it is done on a legal basis other than consent. Further details on the right to object can be found in the section below.
- **access to their Data.** The User has the right to obtain information on the Data processed by the Controller, on certain aspects of the processing and to receive a copy of the Data processed.
- **verify and request rectification.** The User may verify the correctness of his/her Data and request that it be updated or corrected.
- **obtain restriction of processing.** When certain conditions are met, the User may request the restriction of the processing of its Data. In this case, the Data Controller will not process the Data for any purpose other than its storage.
- **obtain the deletion or removal of their Personal Data.** When certain conditions are met, the User may request the deletion of their Data by the Data Controller.
- **receive their Data or have them transferred to another data controller.** The User has the right to receive his or her Data in a structured, commonly used and machine-readable format and, where technically feasible, to have it transferred without hindrance to another data controller. This provision is applicable when the Data are processed by automated means and the processing is based on the User's consent, on a contract to which the User is a party or on contractual measures related thereto.
- **Propose a complaint.** The User may lodge a complaint with the competent data protection supervisory authority or take legal action.

### Details on the right to object

When Personal Data are processed in the public interest, in the exercise of public authority vested in the Controller or in pursuit of a legitimate interest of the Controller, Users have the right to object to the processing for reasons related to their particular situation.

Users are reminded that if their Data are processed for direct marketing purposes, they may object to the processing without giving any reason. To find out whether the Controller processes Data for direct marketing purposes, Users may refer to the respective sections of this document.

### How to exercise rights

In order to exercise their rights, Users may address a request to the contact details of the Controller indicated in this document. Requests are filed free of charge and processed by the Controller as soon as possible, in any case within one month.

## Further information about treatment

### Defence in Court

The User's Personal Data may be used by the Data Controller in court or in the preparatory stages to its possible establishment for the defence against abuses in the use of EUFEDIA Cyber Security distributed by Oasi Team S.r.l. or of the related Services by the User.

The User declares to be aware that the Data Controller may be obliged to disclose the Data by order of public authorities.

### **Specific disclosures**

Upon the User's request, in addition to the information contained in this privacy policy, OASI may provide the User with additional and contextual information regarding specific Services, or the collection and processing of Personal Data.

### **System logs and maintenance**

For operation and maintenance purposes, OASI and any third party services used by OASI may collect system logs, i.e. files that record interactions and that may also contain Personal Data, such as the User's IP address.

### **Information not contained in this policy**

Further information in relation to the processing of Personal Data may be requested at any time from the Data Controller using the contact details.

### **Response to "Do Not Track" requests**

EUFEDIA Cyber Security distributed by Oasi Team S.r.l. does not support "Do Not Track" requests.

To find out whether any third party services used support them, the User is invited to consult their respective privacy policies.

### **Changes to this privacy policy**

The Data Controller reserves the right to make changes to this privacy policy at any time by notifying Users on this page and, if possible, on EUFEDIA Cyber Security distributed by Oasi Team S.r.l. as well as, if technically and legally feasible, by sending a notification to Users through one of the contact details it has. Therefore, please consult this page frequently, referring to the date of last modification indicated at the bottom.

If the changes affect processing whose legal basis is consent, the Data Controller will collect the User's consent again, if necessary.
